

## Unattended Drop-Off and Pickup

With a 24Seven RED BOX installed, your customers will love the convenience of round-the-clock service. They can drop off and pick up garments any time, day or night, on their way to work or play. There is no better way to build loyalty and new business than with The RED BOX That Never Sleeps. It's Dry Cleaning Made Easy for you and for your customers.

## Reduce Costs and Increase Profits

The 24Seven RED BOX gives you the opportunity to expand your business without adding additional employees. You can dramatically increase your profits while reducing costs, by increasing turnover from your existing location, or even by adding new remote locations.

Imagine doubling or tripling your customer base by having a handy collection unit at a train station, office building, business park or apartment complex. The possibilities are endless, and so are the potential profits when you put the 24Seven RED BOX to work for you.

## No Capital Outlay

With the 24Seven RED BOX Rental Plan, there is no capital outlay. You get fast return on investment, and everything you need to operate the system efficiently is provided as part of the contract – including installation, system integration, and staff training.
